

The logo for Sulékó is written in a highly decorative, calligraphic script. The letters are elegant and flowing, with the 'S' and 'K' being particularly large and stylized. The 'u' and 'l' are smaller and more delicate. The 'é' has a small accent mark above it. The 'ó' is also stylized with a small accent mark above it.

SULÉKÓ continues the tradition of Russian “Haute Parfumerie” of the early 20th century; its fragrances enhance the most beautiful natural essences and are locked in the heart of works of Art, visual and tactile representations of each fragrance.

A line entirely made in France and inspired by Russian Art and Culture.

« We wish to make the choice of a perfume an experience, which awakens the senses, a thunderbolt, a feeling of rediscovering oneself. You will embark on a journey through our universes and uncover which of our fragrances truly reflects your personality– the one that will beautify you and empower you – acting as an aura. »
